Windows Instructions
Windows Patch Instructions

Mac:

Note: You may have downloaded your copy of EndNote X6 for Mac via an online store. If not, please download the EndNote X6 installer file before proceeding.

Please see the "EndNote X6-Mac Volume Installation Instructions.pdf" instructions in the attachments section of this article.

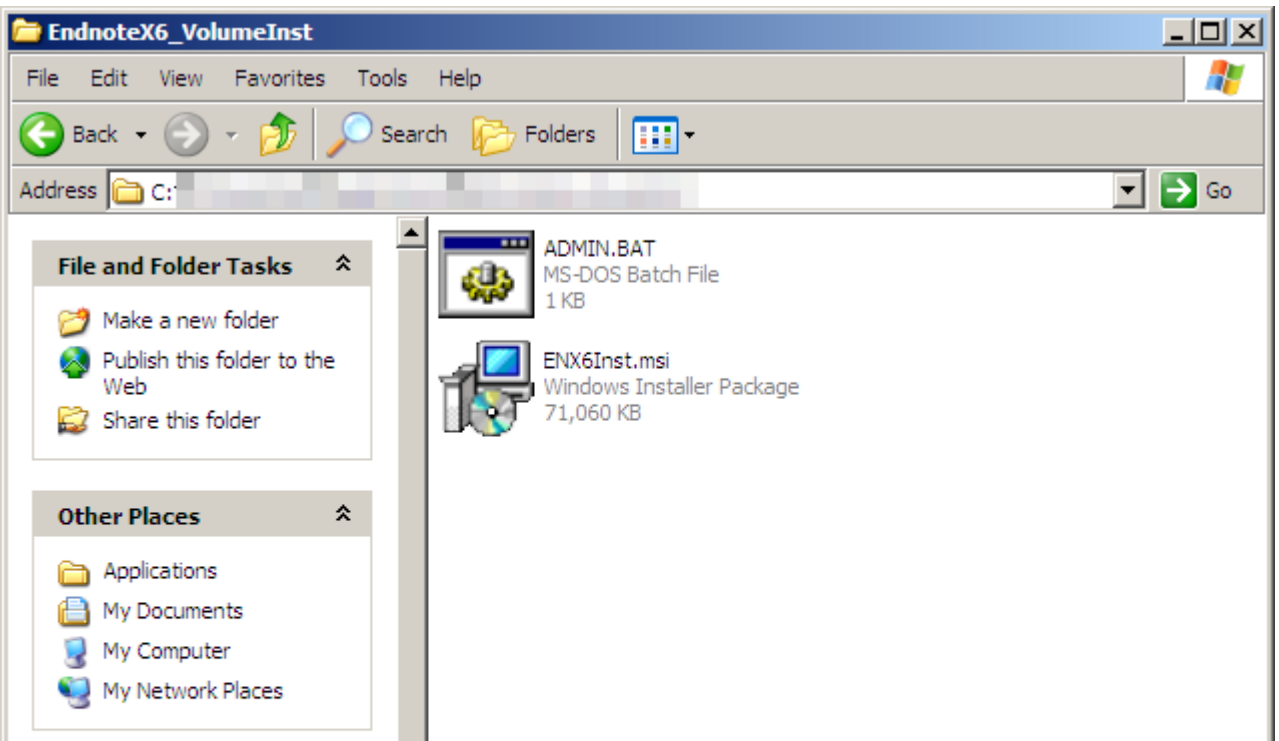

EndNote X6 OS X Install steps

To distribute multiple copies of EndNote in accordance with a volume site license agreement, an administrator must first create a redistributable disk image of EndNote. First, the administrator creates a redistributable file:
